

DIGIT 2018

Bansko, Bulgaria

Event name: DIGIT 2018 FESTIVAL

Description: A 3-day hackaton for youths, aged between 14 and 24 years and aimed at digital entrepreneurship and digital nomadism. The event encourages young people to create projects that they can develop and maintain, regardless of their location.

Location: DIGIT 2018 FESTIVAL will take place on the territory of Bansko Municipality. The opening, project protections and closing of the festival will take place in the hall of visitors center in Bansko. Work on the projects of the participants will take place at Coworking Bansko.

Duration: DIGIT 2018 FESTIVAL will be held in the period 19.10.2018-21.10.2018.

Way of conducting: The festival will be held within 3 days */the whole weekend/*. During the first two days of the hackaton, the teams created by the participants, will have the task of creating a project */ web site, application, program, presentation etc. /* targeted at a particular topic that will be determined at the official opening of the event on 19.10.2018.

Realisation of the project:

Allowed for use:

- Any programming languages, technologies and development tools: PHP, Java, C, C ++, C #, JavaScript, Python, Ruby, Arduino, HTML5, and any open license platforms and any graphics, animation, Video processing and hardware development, MS Office, Photoshop, AI, CorelDraw...
- Any hardware devices: phones, tablets, microcontrollers, components, VR sets and more.
- External expertise can be used, but not a copy of a foreign project.

Not allowed for use:

- Projects in which the main part of the development was not created by the team participating in the competition.
- Projects in which there is a fictitious participant who has not contributed significantly to the development.
- Projects with immoral content or malicious purposes.

On the third day, 10 of the best teams will participate in a public defense of their projects, which will be followed by a jury, which will determine the winners of the festival.

Project presentation: 10 projects are involved in live protection. The teams present, demonstrate and protect their projects live to the Jury Committee within 5 minutes + 10 minutes for questions.

The following components should be included in live presentation:

- Presentation of a project or a prototype of the final result: what does it do, what task does it solve, what is it unique about?
- Any project that is not finished is also presented on the stage of the competition and its potential benefit and functionality is assessed.
- Demonstration: Demonstrate live how the project works - the most important functionalities.
- Team: a few words about the team and contribution of each participant (possibly with commit logs).
- Answering questions: Team members respond to technical and other project issues made by the jury and attendees.

Time Limit:

The protection of each project is strictly limited to 16 minutes:

- Up to 1 minute of preparation.
- 5 minutes presentation + demo.
- Up to 10 minutes for questions.
- At the 16th minute the jury interrupts the presentation and moves to the next project.

- Teams must come with their own laptop + other pre-prepared technique. Please test the equipment in advance (for example, how to get a picture on a multimedia projector).

Winners: Three prizes will be awarded to all participating teams - 1st, 2nd and 3rd. The ranking will be formed by a jury.

Awards:

1st place: Cup, a cash prize, T-shirt, 1 week access to Coworking Bansko, a gift from Bansko municipality.

2nd place: Medal, a cash prize, T-shirt, a gift from the municipality of Bansko.

3rd place: Medal, cash prize, T-shirt, gift from the municipality of Bansko.
